

Furnesswood Stock Investing: Investing in Public Companies That That Are Going To Experience A Dramatic Change In Trend

Investment Hypothesis Stated Clearly:

Date:

Uncertainty Issues:

Always Take Action When Technical, Sentiment And Fundamentals Line Up, Despite Uncertainty Issues: Remember Can't Force An Outcome: No Plan For Stop/Reenter To Be Their If This Is Not The Bottom: Be Reconciled to The Uncontrollable

Technical – What Type of Bottom Formation, Never Buy Into Gap Down, or Break Of Base “EVER” Wait For Next Base Or Move Back To Base

Sentiment – Reaction to News: Stop Going Down: Previous Cycle Length:

Fundamentals – Do You See The Change Now or Coming Shortly, What's Your Edge, Right at wrong time? Don't Have To Be First In

Felt Body Sense – What are You Feeling about the Uncertainty? What Does Your Deeper Experience Say about the Uncertainty? Describe The Feelings To Release Anxiety

Does It Meet Success Profile of Past Winners? Could It Be Profile of Past Loser

Look At Old Charts: Wait for Break Out Or Right Side Of Line

The Cave You Fear To Enter Holds The Treasure

Position Must Balance Short Strength, Volatility, Risk, Wait For Everything To Line Up

Stop and Reenter Plan: Hallmark of True Professional: Stepping out is Powerful because you can come back tomorrow and fight again: Stop and Reenter is Power, Courage, Prudence and Self-Reliance: Visualize This: Investors Rise To The Level of Their Training

Technically Stop at What Point:

Buy More At What Point:

Fundamentals: What News or Events Would I sell on: Plan Ahead

Take Action Don't Be Concerned: You Have A Plan For Being Stopped Out: You Will Be There For Ultimate Move: Can't Control Outcome:

Remember Soros 5 Ideas account for 80% of His Lifetime Gains

90% of Gains from 10% of Positions So Do OK To Not Be Perfect and Be Wrong
